

BIG PRIZE LIST

Midwinter Exposition To Be Greater Than Ever.

Nearly All of the 54 Booths Have Been Sold.

TICKETS ARE NOW ON SALE

The Show Will Open January 17 for Two Weeks.

Four Acts of Vaudeville and Music by Hall's Orchestra.

The prize list for the 1916 Kansas Midwinter Exposition, which will be held at the auditorium January 17-29, will be the largest, by far, of any exposition yet held. Nearly all the leading firms of the city have agreed to contribute prizes, and many of them will be quite valuable. The number already reaches approximately fifty.

General Manager John A. Worley will take charge of the auditorium next Monday morning, when the work of building the booths for the various exhibits will commence. There will be 54 booths in all and every one has been engaged except a half dozen and these will be gone by Saturday night. Manager Worley is delighted with the prospect of the best and biggest exposition Topeka has ever held, and he anticipates a record-breaking attendance.

Fifteen thousand tickets, at 10 cents each, are now being offered for sale to the public, and by purchasing now, one can enjoy the show for 10 cents. After the exposition begins, the admission will be 15 cents. Two shows will be held daily, one at 1:30 o'clock and the other at 7:30 o'clock. A first-class vaudeville show, containing four acts, will be given at 3 o'clock and 9 o'clock, each afternoon and night. There is no extra charge to see the interesting exhibits, the vaudeville show and occupy a good seat for the price of 10 cents. Hall's orchestra, augmented by the addition of extra pieces, will furnish music during each performance. It will be the biggest 10 cents worth, says Mr. Worley, ever offered in this city.

Many new exhibitors, among the number some of the best known and best advertised concerns in the country, have engaged booths, and the diversity of the exhibits will be quite as satisfactory as those of the first exposition held.

Tickets for the Kansas Midwinter Exposition, which will be held at the auditorium for two weeks beginning January 17, are on sale at the following stores and can be purchased for 10 cents each from now until the beginning of the exposition, when the price will be increased to 15 cents:

Arnold Drug Co., 523 Kansas avenue.

Crockett Merc. Co., 629 Kansas avenue.
Crosby Bros. Co., 117-123 Kansas avenue.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.

25-cent "Danderine" makes hair thick, glossy, wavy and beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and soft at first, but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and prove that your hair is as pretty and soft as any that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

IT WILL BE A WHOPPER

Insurance Men's Banquet to Be Held Next Saturday Night.

Arrangements are being made for one of the biggest insurance men's banquets ever held in the state to be given in Topeka next Saturday night at the Masonic temple. The banquet will be the first annual affair of the Insurance Federation of Kansas and between 300 and 500 insurance men from all parts of the state are expected to attend.

Already the local committee has assigned its big delegation from Kansas City, Kan., Wichita, Salina and Hutchinson.

E. Whitney is chairman of the local arrangement committee which met this noon at the Commercial club to make final plans for the affair. The insurance federation of the state is an auxiliary of the National Insurance Federation and the officers of the Kansas branch are: Luther C. Bailey, of Topeka, president; Russell A. Aligre, of Kansas City, Kan., secretary, and Charles A. Moore, of Topeka, treasurer.

The federation includes all lines of insurance and the meeting next Saturday will be in the nature of a big "get together" banquet at which the federation will be launched. The officers were elected only two weeks ago at the Kansas branch is yet in its incipient stage. After the meeting Saturday night it will be in full bloom, the local insurance men say.

ELEVATOR AT LAST

One Is to Be Constructed in the Auditorium to Accommodate Voters.

Two thousand dollars will be spent by the city within a few weeks for the installation of an elevator in the city building. This is not being done for the benefit of the city officials and employees. The officials and employees have managed to get along without the elevator ever since the building was constructed and might do it for many more years.

But hereafter the voters must register in the office of the city clerk. The books will be kept there instead of in the office at the front of the Auditorium where at the election commission until the office was abolished by law. The office of the city clerk is on the third floor of the city building and the stairs are long and difficult.

City officials usually want as heavy a registration of voters as it is possible to get. And once the voters found they had to climb those stairs there would be a falling off in the registration. The elevator will be installed just west of the stairways in a shaft that was left there when the building was constructed.

Approximately \$2,000 will be available for the job. It was placed in the budget granted to W. L. Porter as commissioner of parks and public property.

FIREMEN LIKE IT

The Double Platoon System Gives General Satisfaction.

When the Topeka fire department was first organized officially the firemen had no time off. They were on duty constantly. Then came a time when a few minutes were given occasionally. After a long time seven hours a week was given each man. Not many years ago a ruling was made under which the men received one whole day off each year.

Beginning last Saturday morning every man has twelve hours off each day.

"How do the men seem to like the double platoon system?" was asked of Chief Joseph Hanlon this morning. "I haven't heard any of them kicking about it," he replied.

The men themselves are highly pleased with the new arrangement. They have an opportunity to keep up social ties and to spend a part of each twenty-four hours with their families. There was some little friction due to the reassignment of the men but everyone appears to be satisfied today. E. E. Berger, who had been stationed at No. 2 headquarters for five years, tendered his resignation when it was found he had been transferred to No. 4. W. J. Boyd was appointed by Chief Hanlon to succeed Berger. Berger's only reason for resigning was that he did not care to make the change.

HETHERINGTON'S JOB

He Will Be the Special Representative of T. H. Beacom.

George B. Hetherington, former chief clerk to A. E. Sweet, until recently general manager of the Rock Island here, has been named special representative of T. H. Beacom, general manager at El Reno. Hetherington will remain in Topeka with headquarters here.

This position is only a temporary one, it is believed, and Hetherington will conduct business for the operating head until something else is lined up for him.

E. L. Whitney, manager of the Rock Island telegraph office, has not yet been transferred to any other point.

ATTENTION, GIRLS!

Woman Lawyer Says It's All Right to Propose.

Now Is Ideal Time to Select Your Husbands.

New York, Jan. 4.—Attention girls! You can propose marriage every time you get a chance.

Don't hesitate on the score of propriety, as it is quite proper. At any rate, Miss Lucille Pugh, feminist, suffragist and lawyer, says. "Of course, they should. All girls must look out for the future. The great trouble we lawyers find is that women are too impulsive with their affections. Look around you any day in the divorce courts and see the number of woman plaintiffs. That suggests to me that women are too glib in listening to the love songs of a fellow who hasn't got a nickel."

"Leap year, in my opinion, is the time for every woman to show her directness in the selection of a husband, and I think if they do this they will find a decided change in the domestic condition of our homes."

MUSIC AT CUT RATES

Miss Radcliffe Reduces Price for Remainder of Series.

There are three concerts yet to be given on the Radcliffe concert series. These will be offered by Louise Homer, the prima donna, who will be at the Grand January 20; Clarence Whitehall, baritone, and Mischa Elman, violinist.

Miss Myrtle Radcliffe, manager of the series, has reduced the price for the balance of the season at a great reduction. She is selling tickets for \$4 for the three stars. It would otherwise cost \$7 to hear the three.

Madame Louise Homer, the contralto, believes the greatest thing accomplished by a home and a family is the destruction of the egotism which many exult as the first necessary quality of an artist.

"Thinking too much of yourself," says the prima donna, "seems to me a little unsound, and a very poor prop indeed as one goes on in life. Loneliness must become a bitter foe. No nature can expand if there is nothing upon which to nourish itself. I think individuality lies much deeper than this little strutting ego of ours."

BASKETBALL DATES

High School Schedule Is Announced by C. H. Hepworth.

C. H. Hepworth, director of athletics for Topeka high school, has announced the schedule for the school basketball team. Two dates have not been filled. A team will play the local five here on January 15 and another on February 18. Hepworth will fill these dates with as many high school teams want to come to Topeka.

The schedule follows: January 21, Topeka at Holton; January 28, Wamego at Topeka; February 4, Topeka at Leavenworth; February 11, Topeka at Iola; February 25, Holton at Topeka; March 2, Fort Scott at Topeka; March 10, district tournament, probably at Atchison; March 17, St. Patrick's day, state tournament at Lawrence.

No captain has yet been elected for the team, although a meeting is to be held in a few days for this purpose. The prospects are good. W. P. MacLean will coach the squad.

Household Economy

How to Have the Best Cough Remedy and Save \$2 by Making It at Home

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get from your druggist 2 1/2 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with the warm syrup. This gives you, at a cost of only 64 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with quinine, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of entire satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Recapture the Old Joy Of Living

HAS life lost its zest? Do you suffer pretty constantly from nervous depression—"the blues?"

Very often this state of things is brought on by poor elimination. Constipation is the underlying cause of many a case of "nerves" as any doctor will tell you.

Once get rid of constipation permanently and you will be amazed at the transformation in your health and spirits. Laxatives and cathartics won't cure you of constipation.

They give only temporary relief and tend to form a habit which is exceedingly dangerous.

But you will find in Nujol a rational means of restoring normal, healthful bowel activity. Nujol is a pure white mineral oil conforming to all the requirements of the Lane treatment for constipation, which physicians everywhere are now prescribing as the safest and most effective means of restoring normal bowel activity.

It is not a laxative but a lubricant. Being entirely mechanical in its action it may be taken in any quantity without harm.

Nujol is colorless, odorless, and tasteless.

Write for booklet, "The Rational Treatment of Constipation." If your druggist hasn't it, we will send a pint bottle of Nujol prepaid to any point in the United States on receipt of 75c—money order or stamps.
